Kadak Kettle: Allergens, Pickup and Refunds

Version 1.0, October 2026. Kadak Kettle is an invented cafe used for teaching. Every rule on these two pages is made up.

1. Allergens on our menu

Three items contain nuts: kesar badam doodh (almonds and pistachios), kanda poha (roasted peanuts) and peanut chikki (peanuts).

- Milk: every chai except lemon ginger tea, kesar badam doodh, bun maska and the paneer kathi roll.
- Wheat (gluten): vada pav, samosa, khasta kachori, bun maska, egg bhurji pav and the kathi roll.
- Egg: egg bhurji pav. It is cooked on its own pan, but in the same kitchen.

2. Our kitchen is not nut-free

Everything is cooked in one small kitchen. Peanuts, almonds and pistachios are handled on the same counter, and all fried snacks share the same oil. We cannot promise that any item is free from traces of nuts, even an item whose recipe has no nuts.

3. Tell us before you order

Please tell the person at the counter about any allergy before you pay. The counter bot can remind you of this rule, but it cannot check your food for you.

4. Pickup orders

Send us your order and your name. A pickup order is ready in about 15 minutes, and we hold it at the counter for 30 minutes. After that the order is cancelled and fried snacks go to the next customer while they are still hot.

- Pay when you collect, in cash or by UPI.

- Orders of more than 20 items need one hour of notice.

5. Refunds and replacements

If an item is wrong, cold or not fresh, tell us within 2 hours and show your bill. We will replace it, or refund it in full. A drink that is more than half finished cannot be refunded.

6. Your chat with the counter bot

The counter bot keeps your conversation so it can remember your name, your order and your allergies between visits. Send /forget in the chat, or ask the staff, and we delete the whole conversation. We never use your chat for anything else.
